__please do not send me the newsletter

Thank you! Your Membership is important to us!

Member and Donors:

We mail or e-mail the Taproot to both our members and our donors. However, we must keep donations and membership fees separate. Donors can request that the membership fee be deducted from their donation, if that is what they wish, and they will receive a charitable tax receipt for the difference. Otherwise, donors who also wish to be members are asked to pay the separate membership fee. Donors who do not wish to become members continue to receive the Taproot, but will have no voting privileges at our Annual General Meeting.
